

Education Leadership

PROGRAM OUTCOMES

The MSOE MBA in Education Leadership is designed to develop competencies in a broad range of topics. You will:

- Lead educational change efforts to raise the achievement of all students, with a focus on eliminating and preventing the global achievement gap in PK–12 education.
- Demonstrate the ongoing integration of effective leadership traits and ethical principles into personal and professional personas.
- Build and sustain relationships among diverse constituents, stakeholders, and policymakers that foster a culture conducive to high student achievement.
- Develop the next generation of educators who will continue to pursue global excellence in student achievement.
- Manage school environments to foster student achievement, realize staff development, and nurture the public trust while creating and sustaining an ecology that fosters positive character formation.

Lead with vision and character

MSOE's MBA in Education Leadership combines a rigorous Master of Business Administration with a unique curriculum tailored to school principals and aspiring school leaders. Education leadership, best business practices and character development are the tenets that guide this program. You will learn how to lead highly effective education organizations, creating an environment where a culture of learning, collaborative leadership and character are the foundation for success.

PROGRAM HIGHLIGHTS

- Asynchronous course delivery for flexible learning.
- School practicum emphasizing applied learning within a school setting.
- Completion of the program in just two years.
- Dedicated university coach who provides continuous support and mentorship.
- One class every eight weeks for manageable pacing.
