

Prairie View Elementary

Ms. Ackley's Third Grade  
5-15-24

Volume 14, Issue 24

## General Housekeeping

Students have really been working hard this week as we work on some end of the year social studies/writing projects. We enjoyed our Fun Run today as well! We have a lot of fast runners as they tried to beat Ms. Ackley! :)

I appreciate all of the support you give your child while we hit the 'end of year crunch!' :)

Store Applications were due today to be approved by me. If you have not sent this in with your child, please do so asap. Any questions about any of the projects please reach out. Thanks!!

## Reader's Workshop

We continued studying theme and figurative language this week with another folktale. This will lend itself nicely to a final activity students will do the last week of school.

## Math

The students have continued solving word problems related to elapsed time this week. Later this week they will be learning more about estimating liquid volume amounts, as well as solving word problems related to liquid volume.

## Writing/ Grammar

The students have been hard at work drafting their reports about their country and beginning to type their reports. These reports will be printed and sent home with students next week at some point to be put on their country poster.

## **Social Studies**

Students have officially named our classroom city Ackleyville! Our city will hold elections for a city mayor and city council members on Friday! They will be working to create laws for our city, which will be open on Thursday, May 30th! Details on time will be coming home in a separate note.

## **Science**

Students are learning more about selection and how it can happen without the aid of humans.

## **Happy Birthday!**

We celebrated our final birthday of the school year on Monday, May 13th with Jay. Happy Birthday, Jay!

## **Upcoming Events**

Country Poster due Tuesday, May 28th  
Class City Storefronts Due Wednesday, May 29th  
City Goods due Thursday, May 30th

## **Reminders**

With 2 and half weeks left, it can be hard to stay in the routine. Please help your child get those reading minutes completed, and begin/continue work on those two social studies projects!
